

The Children Come First

We offer them the opportunity to develop to their full potential in a safe, positive and creative environment. Every child will feel special at Little Daisies and will learn that they are a valuable part of the group.

In order to reach this goal, we strive to continually develop as individuals and as a team.

Registration

When organizing the groups, we pay attention to language and attempt to form groups that are half native German-speaking and half native English-speaking. Children who have a different mother tongue or other language skills are, of course, accepted at Little Daisies. In addition, it is important that each group has a good boy/girl ratio and a good age ratio.

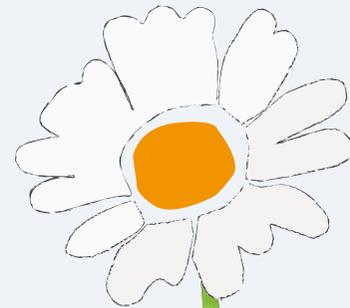

We look forward to receiving your application!

Please use our online registration form:

Little Daisies...

Little Daisies is a German-English crèche in the heart of Munich - Haidhausen. Our seven teachers care for 24 children aged from one to three. We use the Finnish concept of education, which supports the theory that even the youngest child learns and develops by playing in a stimulating environment.

Opening Times

Mo - Fri 8:00 am - 5:30 pm

Holidays

Summer Vacation Aug 14 - Aug 31

Christmas Vacation Dec 31 - Jan 7

Little Daisies is closed on all Bavarian bank holidays.

Concept

Our concept of education follows the "Finnish Curriculum" which is used in Finnish crèches and kindergartens. In our carefully thought out classrooms and loving atmosphere, the children are offered the best opportunity to grow, learn and develop. The children's self-esteem is enhanced by positive experiences which they gain through activities that vary from day to day.

The children are taught to take responsibility for themselves and others, and how to interact with others. And last but not least, two or more members of staff speak only English with the children. Therefore, the children learn English naturally, as they do their native language.
