

Umfrage Caterpillar Sommer 2018

Vielen Dank für eure Teilnahme an unsere Umfrage 2018 und für das sehr positive und nette Feedback. Wir freuen uns sehr, dass ihr so zufrieden mit uns seid, dass alle von euch mit hoher Wahrscheinlichkeit Little Daisies als Kinderkrippe an andere Eltern weiterempfehlen würdet.

Es gibt einige wenige Verbesserungsvorschläge von euch, so zum Beispiel bzgl. der Uhrzeit der Feste, dem Essen und dem Rausgehen. Diese Themen werden wir bald im Team und mit dem Beirat besprechen. Eure Anregungen sind Grundlage für Verbesserungen und Denkanstöße für unsere pädagogische Arbeit. Eure Einschätzungen sind auch eine Wertschätzung der Arbeit des Teams, vielen Dank dafür.

Bezüglich einer Bemerkung in der Umfrage einer Familie möchte ich mich an dieser Stelle entschuldigen: Ich dachte bisher, dass das Essen der Kinderküche reines Bio-Essen sei. Nach Nachfrage konnte dies jedoch nicht bestätigt werden. Es ist ein Gemisch aus saisonalen & regionalen sowie Bio-Produkten. Im Anhang sende ich euch einen Brief des Geschäftsführers der Kinderküche, Krzysztof Chylinski, zum Thema.

Wir wollen euch nun die Auswertung der Umfrage präsentieren:

1)

1. Yes! We love the day sheets and the Elterngespräche and the videos at Elternabend. We're sad I hear the end of the day sheet stories, but I look forward seeing the portfolios. Hopefully we can participate in morning circle next time it's offered

2. Yes

3. Agree

4. Ja

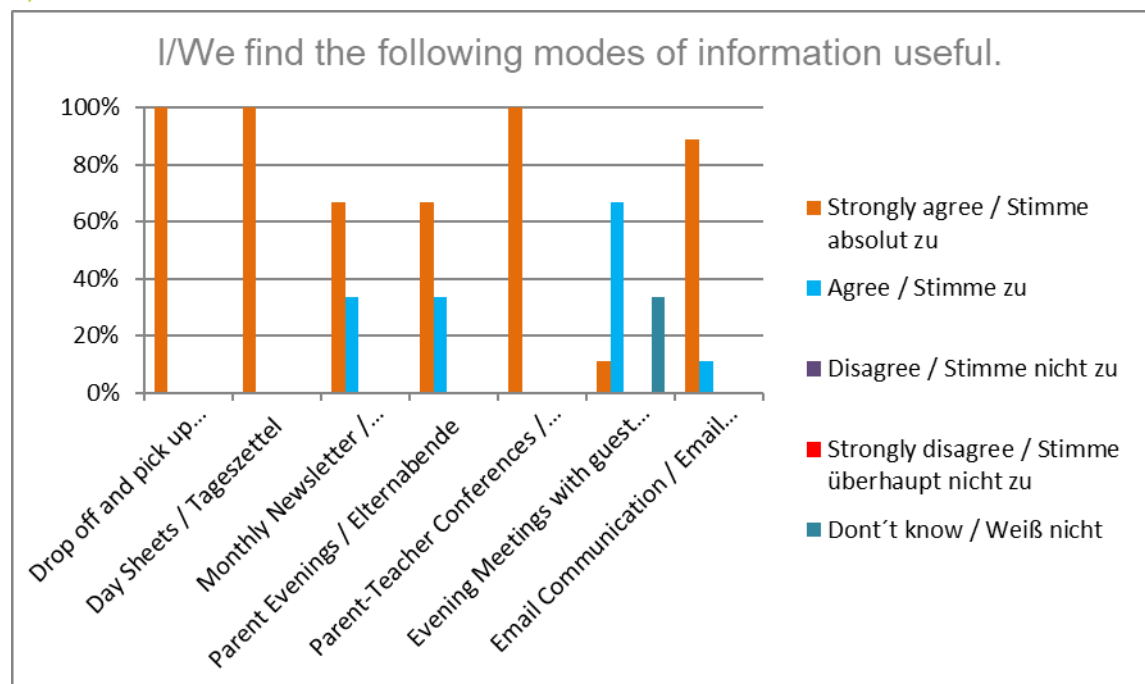

5. all information needed is provided

6. Stimme zu, day sheets und parent talks are very helpful

7. Die Daysheets sind super! Schade, dass sie abgeschafft werden (aber auch verständlich - ist ja viel Arbeit)

8. strongly agree

3)

4)

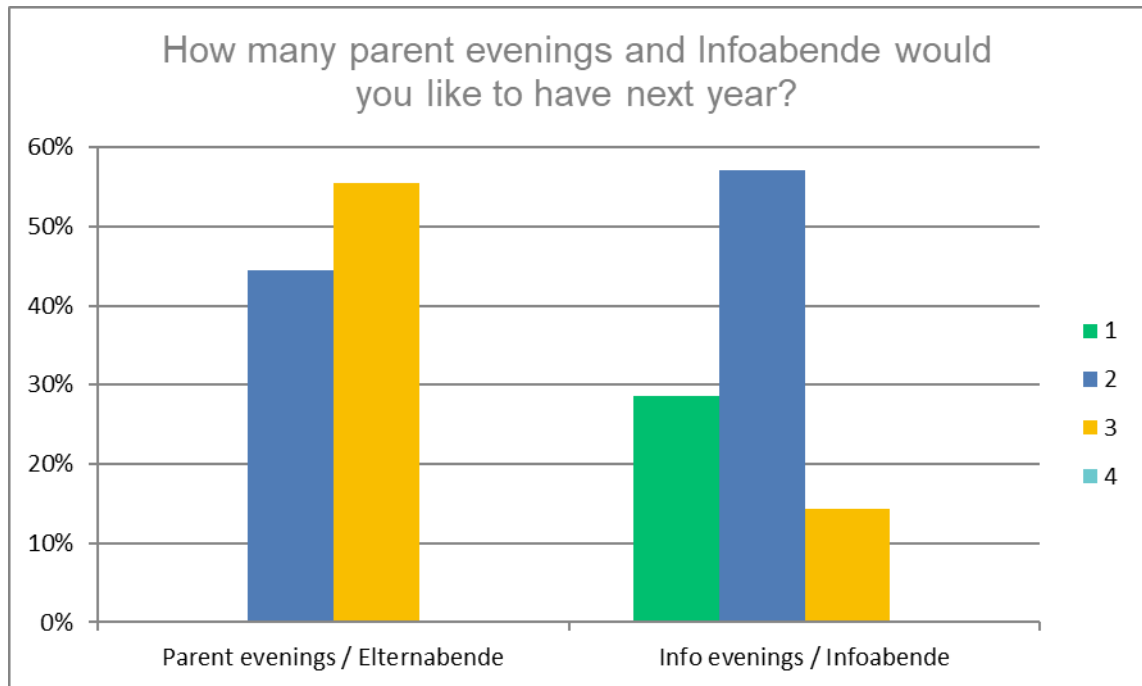

Do you have any topics you would like to have addressed during an Infoabend next year (if yes: which) ?

1. Fällt uns gerade nichts ein

2. Child development topics, Food provided for the children

3. I need to think about and will write a separate mail

5)

1. Yes! I can always count on the Kita when I haben a question

2. Yes

3. Agree

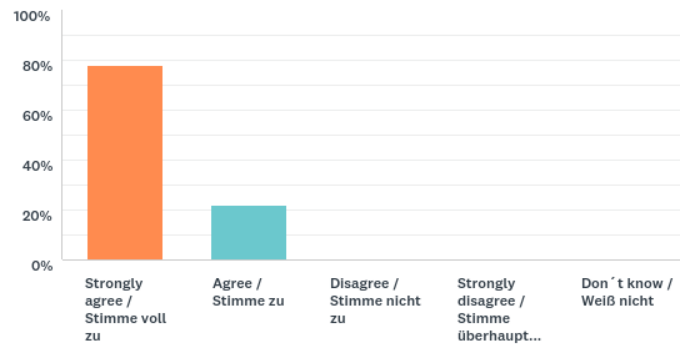

4. Ja man kann alle Fragen stellen und bekommt sinnvolle Antworten

5 . stimme zu

6. strongly agree

7)

Q7 I am/ We are happy with the concept provided by Little Daisies (Settling In Period, Yard- and Playground usage, Activities offered, Open Concept, Excursions, Music...).

8)

Please explain your answer to number 7

1. We had the opportunity to come for play dates before starting with the settling in period, and it made such a difference- our kid was never anxious and settled in very quickly, and we as parents got to know the Kita and have all our questions answered as we progressed in the process. I somehow only find out about art projects far after they're over, but we are always so impressed with all the things you organize for such little babies - even all the different things you build in the Turnzimmer are so great for building courage and curiosity in our children- and my heart jumps at Elternabend when I hear the teachers giggle about how much fun they have with the kids and their art projects. I feel the variety of activities come from a true desire to see the kids flourish. Thank you!

2. Our child appreciates every kind of activity offered by LD and likes to spend its time at LD; prefers staying than going home in the afternoon

3. All activities are attractive and educative for the children and the amount and variety is simple great. Settling period worked out perfectly.

4. Es ist schön, dass eine Vielzahl an Unterschiedlichen Aktivitäten angeboten werden. Vor allem die Musikangebote oder auch das Backen oder Malen

5. There is always something that a kid can enjoy at the LD. I am really happy that the teachers can see what one enjoys and offer that and let him develop in that way even more.

6. Eingewöhnung lief sehr gut und professionell trotz Umbruch und Neuerungen im Team.

7. - Im Winter wäre häufigeres Rausgehen schön gewesen

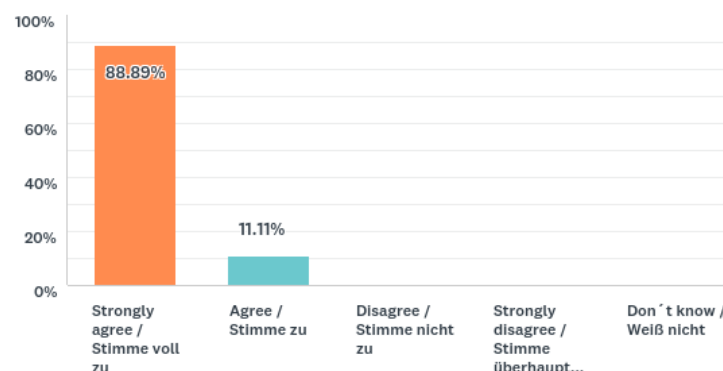

- Der Garten ist leider nicht sehr schön (Kunstrasen und Plastikspielzeuge?!)
 - Die Eingewöhnung war sehr entspannt
 - Viel Musik ist schön
-

8. We loved the pace of settling in period. As parents it is always difficult to let your baby be under somebody else's care and supervision when you do it for the first time. But the first day I left my child at Little Daisy's environment I was confident she was at safe hands.

We are sometimes concerned about the usage of yard and play ground in the winters due to clothing concerns but I guess even we are learning to get acclimatized too. Apart from that, we feel great that the children get to explore so many different things outdoors. We love the activities and music and can see significant changes in our child's overall development. We are thankful for providing such a conducive environment for our child's development.

9)

Q9 I am/ We are happy with the organisational conditions at Little Daisies (Meals, Parent Board, Vacations, Opening Times, Celebrations, Team Engagement, Reliability, Innovations...).

10)

Please explain your answer to number 9

1. We appreciate all the effort everyone puts in. The Summer feat begins at 3:30, which is super convenient compared to 9am like the Christmas breakfast, which means taking time off of work. For the incoming caterpillar Mamas it's soon after their return to work.

2. Everything is fine for us, no complaints

3. Organization is top and therefore everything worked as expected/announced

4. Es passt alles. Wir wissen wann Ferienzeiten sind. Es klappt, wenn mal jemand anderes das Kind abholen muss oder will. Essen scheint zu schmecken.

5. Ich würde mir wünschen, dass weniger oft oder gar nicht Pops zum Frühstück geben würde weil diese nicht gesund sind .. vielleicht stattdessen Tortilla oder Omlett?
Ansonsten voll zufrieden. Es wäre auch super wo möglich Weismehl durch vollkorn zu ersetzen zb. vollkornnudeln.

6. My wish would be that opening hours would start at 7:30.

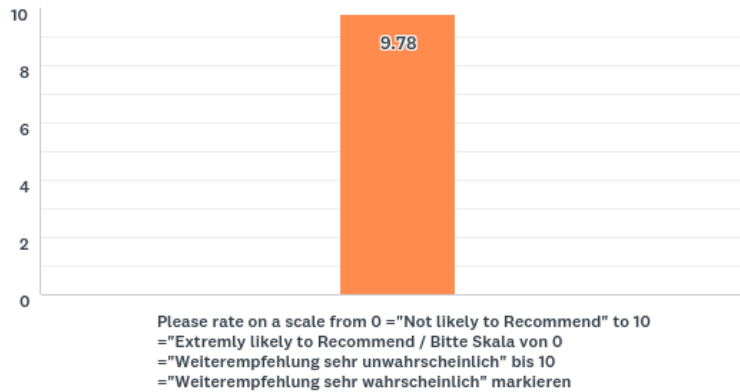

7. Die Änderung und Flexibilität für die Öffnungszeit finde ich sinnvoll Mit allem anderen sind wir sehr zufrieden.

8. - Uns wurde zu Beginn gesagt, das Essen sei Bio. Auf der Homepage der Kinderküche ist dazu nichts zu finden. Das ist ein riesengroßer Minuspunkt!
- Öffnungszeiten und Ferienzeiten sind voll in Ordnung!
- Für die ganz Kleinen ist ein Laternenfest nicht unbedingt notwendig und eher Stress als Vergnügen (glauben wir)

9. The team engagement is very commendable and all team members are very reliable. Celebrations are a wonderful way to bring the children and parents closer to the culture.

11)

Q11 Would you recommend the Krippe to other parents?

12)

Anything else?

1. We can't express in words how grateful we are to Little Daisies for all of the loving care and exciting activities that meets our kid very day. We feel very lucky to be a part of your community!

2. Thank you for a perfect concept and a perfect team!

3. Passt alles.

4. Die sehr gute Motivation & Qualifikation der Mitarbeiter macht wirklich den Unterschied. Wir haben mit Little Daisies wirklich sehr viel Glück gehabt und wollen uns an dieser Stelle herzlich bedanken. Es wirklich hervorzuheben, dass Little Daisies wie ich höre wirklich herausragend ist. Ich kann die Krippe nur wärmstens empfehlen.

5. I admire all the care givers for their pacience with the children and their parents :)

6. Very happy with Little Daisy's. Thank you for taking care of our child. Wish you all the best .

Vielen Dank

Thanks a lot

Q7 I am/ We are happy with the concept provided by Little Daisies (Settling In Period, Yard- and Playground usage, Activities offered, Open Concept, Excursions, Music...).

8)

Please explain your answer to number 7

1. Bei eurem Konzept und den Angeboten gibt es nichts zu verbessern! Wirklich! Wir sind jeden Tag auf's Neue gespannt, was wohl für tolle Aktivitäten angeboten werden. Auffällig ist, dass sich das Angebot im letzten Jahr geändert hat und vielfältiger geworden ist. Man merkt, dass ihr Lust habt, vieles mit den Kindern auszuprobieren. Die Mischung aus Kunst (besonders gefallen hat uns das Malen mit Musik! Tolle und sehr interessante Idee!), bestimmten Gesprächsthemen (z.B. Gespräche über verschiedene Gefühle) sportlichen Aktivitäten drinnen sowie draußen und anderen speziellen Angeboten (Kuchen backen) ist ausgewogen und toll! Besonders schön fanden wir auch die Idee, nicht nur mit den Kindern Waffeln zu backen, sondern auch die Zutaten dafür mit ihnen zusammen zu besorgen!
Also: bitte weiter so!

2. Eingewöhnungszeit aus unserer Sicht sehr gut verlaufen Es wurde uns so viel Zeit gelassen wie es das Kind gebraucht hat. Garten und Spielplatznutzung sowohl im Winterzeit als auch im Sommer sind sehr gut. Besonders die Waldausflüge sind für den Kleinen immer wieder sehr großes Erlebnis.

3. Das Angebot ist vielfältig und unser Kind hat schon wahnsinnig viel davon profitiert.

4. All is wonderful. You guys do a great job.

One comment about the settling in period- I still think the ""old"" model (2-3 weeks with the first separation on the 2nd day) was much better. The ""new"" model only confuses the child.

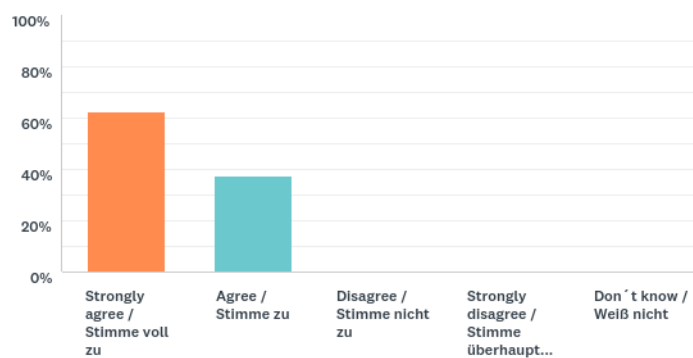

5. Love the amount of time the children are outside, especially the forest and playground visits, and the musical activities from Nici.

6. My child is at home and happy at LD. The teachers are intelligent, kind, considerate and genuinely care for the children. The activities on offer are varied and well thought out. It is comforting to be able to go to work knowing that your child is happy and well taken care of.

7. Es passt einfach alles!

9)

Q9 I am/ We are happy with the organisational conditions at Little Daisies (Meals, Parent Board, Vacations, Opening Times, Celebrations, Team Engagement, Reliability, Innovations...).

10)

Please explain your answer to number 9

1. Wir fanden es sehr enttäuschend, an einigen Aktivitäten in diesem Jahr nicht teilnehmen zu können, weil sie als Frühstück/Brunch geplant waren. Es gibt Eltern, die sich ihren Arbeitstag leider nicht frei einteilen können und wo gerade der Vormittag mitten in der Kernarbeitszeit liegt. Wir hatten das Gefühl, dass unser Kind sehr traurig war, weil von Eltern keiner anwesend war.

2. Uns passen die organisatorischen Rahmenbedingungen sehr gut.

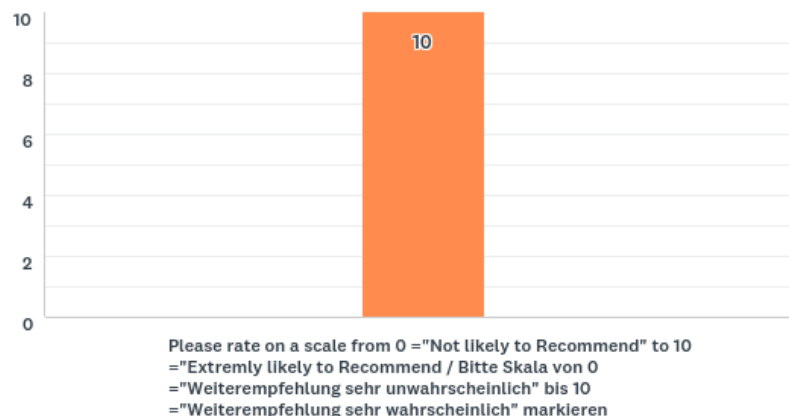

3. Die Betreuung ist top und liebevoll und die Betreuer machen einen super Job!

4. great organization and happy kids - what more could you ask for :)

5. We were a little disappointed about some of the criteria set for which Krippe children had priority for Kindergarten places. Appreciate these were not set by the management though! We did not agree with priority being given to children of parent board members and children with older siblings who were at Little Daisies previously (this just didnt make sense to us!)

11)

Q11 Would you recommend the Krippe to other parents?

12)

Anything else?

1. Wir haben das Gefühl, das das Team in diesem Jahr sehr gut harmoniert und sich gut versteht. Weiter so! Ihr macht einen tollen Job!

2. Keep doing a great job!

3. Very happy with the staff, level of care, variety of activities and level of communication. Keep up the good work!

4. Wir lieben Little Daisies. Das Team ist wirklich so toll und man merkt, dass sie gerne in der Einrichtung arbeiten.

Vielen Dank

Wir wollen euch nun die Auswertung der Umfrage präsentieren:

1)

1. My child goes happily to Kindergarten

2. My child loves LD and thinks of it as her second home/family ("Meine Kinder")

3. Our child feels at home at the Center and always likes going there

4. Yes

5. Geht gerne, auch trotz langer Buchungszeit. Freut sich nach den Ferien wieder hinzugehen.

6. Ja

7. Absolut. Er ist sehr gerne dort, weil andere Kinder da sind und die Erzieher/innen mit sehr viel Liebe und Engagement dabei sind.

8. My child likes going to the LD.

9. Farm trip

1. Agree, but could be a bit more individual.

2. Yes

3. Mostly focused on the bi-annual parent-teacher talks

4. Yes

5. Das Whiteboard ist super

6. Ja

7. Besonders wertvoll sind die Übergabegespräche

8. Though we feel that pick-up talks have become inadequate mostly and very rarely happen.

9. As parents, we are very well informed about everything. LD is doing a great job.

10. Prefer the format of the monthly updates to weekly ones

11. Yes

12. We find the teacher/ parent meet up a bit "technical", sometimes it feels more like we are reading a list of things he would need to accomplish instead of getting involved in his experiences. We would like to hear more about the things he likes or dislikes, or little stories where we could picture more what has been observed by the teacher. We feel that going back to the flower concept like in the krippe could give the meeting a better structure and a better understanding of the reviewed concepts.

13. The main input about our child's progress and activities is provided during the Entwicklung Gespräch. Otherwise there is not much information about individual children. Of course, the teachers are always open to tell us what our child has been up to at the end

of the day. We believe the weekly activity report is redundant, we prefer the monthly newsletter.

16. I agree

4)

Do you have any topics you would like to have addressed during an Infoabend next year (if yes: which)?

1. School readiness! It would be great if you could invite a child psychologist or an expert who deals with children from non-German background and bilingual children. Last year, the info-abend on that subject was too long and provided information that could have been obtained from the websites of the schools presented. I think it would be nice to know what the expectations from children are in the first grade, especially for kids whose

mother tongue is not German. Advice on what parents of multilingual children could do to prepare them properly for the school start would be very appreciated. Thank you!

2. We know that the info session about school readiness is usually only offered every second year; but additional information what school readiness really means (in terms of development, not in terms of the system itself) would be helpful

3. No

4. Tipps für die Vorschulzeit

5. Rolemodels (being a good role model, what makes a good role model); Transitioning from Kindergarten to Grundschule; How to talk to kinds about "stranger danger"

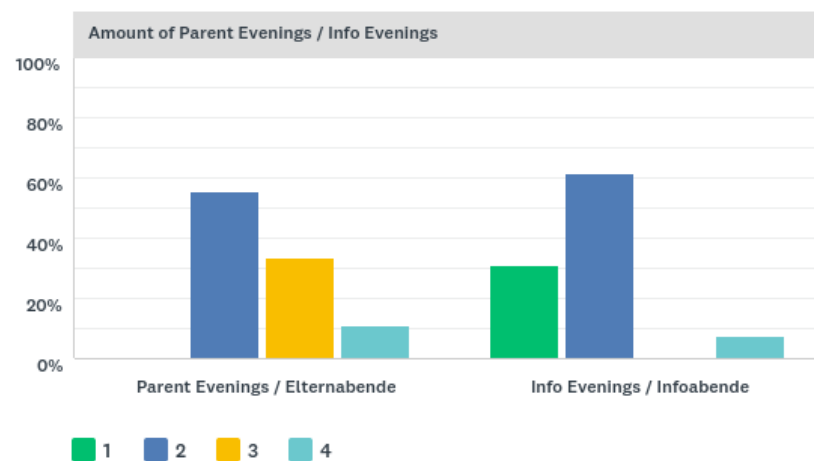

6. None

7. No

8. 1. Developmental Psychology: how to set the environment to develop a healthy authentic independent personality, where children connect with their real needs and are able to express them. 2. How to avoid the gender-bias at home and outside . 3. Sense of humour in children.

5)

Q5 How many parent evenings and Infoabende would you like to have next year?

6)

I/We find the guidance and advice provided by the staff to be competent and helpful (please explain, if you'd like)

2. Yes

3. Yes

4. Kann ich zustimmen, schade ist natürlich doch der größere Wechsel der Teacher

5. Ja

6. Ja, man merkt richtig, wie gut sie das eigene Kind kennen.

7. This is mostly true, with some exceptions

8. We did not have any issue to discuss this year.

9. Yes

10. The guidance and advice from the staff is most of the times useful, more when things are addressed directly to Lisa.

11. Yes, but not for all topics.

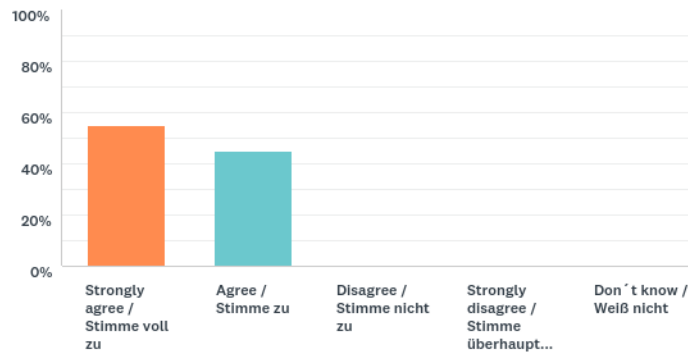

12. Agree. Pick up/drop off time talks are the most useful. Unfortunately not all the staffs are available at those times. Weekly report is more useful than monthly newsletters.

13. Stimmen wir voll zu.

14. Agree.

7)

Q7 I am/ We are happy with the concept provided by Little Daisies (Settling In Period, Yard- and Playground usage, Activities offered, Excursions, Preschool, Music, Sport, Project Groups...).

8)

Please explain your answer to number 7

1. As discussed in the first Elternabend of the year, there could be two sessions of KISS sport sessions in a week. Perhaps when inquired early on, it can be arranged for the next school year. The second session can also be offered optional to parents at the beginning of the school year, if not part of the regular program? (Balti said in that Elternabend that they recommend KISS twice a week.)

2. We truly appreciate the mix of activities - in particular the music class with Julia and the art class with Mayra.

We know that the concept of Little Daisies focuses on the freedom of the children to choose their preferred activities. Nevertheless, we would appreciate if you could motivate our child from time to time to try new things, participate in crafts or experiments.

Futhermore, we sometimes have the Impression that there is little flexibility in adapting the schedule to the weather conditions - especially in winter times. If the weather is good on a Monday or Tuesday, the children usually stay inside because of the other activities going on.

3. The quality and variety of activity offered this year is excellent

4. Insbes der Bauernhoftrip ist klasse.

5. Alles perfekt

6. We are happy that the excursions have picked back up. Even shorter ones like going to the forest and/or library seemed to have fallen by the wayside for a good while.

Perhaps children could also go on more excursions of a cultural nature (loved the Haus der Kunst trip; I think Villa Stuck also offers kindergarten tours etc).

We hope the kids are planting things in the yard again this year; they had lots of fun doing that last year. In general it's great that they seem to go outside a lot.

It's wonderful to know that someone is always there to read to her when she needs/wants/asks to be read to.

We love the integration of Mayra's art class.

Very nice that Jacob plays the guitar for them.

Cool that Patrick will accommodate repeated requests for drawings of warrior princesses etc

We do miss Kate and her insights though. And Hajra's observations and pick-up time feedback.

7. LD offers interesting, practical and educational programs. The team is really trying to help the children to develop in many aspects. What I can see from my child is, he has learned singing, dancing, doing sports, being creative and many other things. But I haven't seen so often that he participated the project groups. According to the monthly photo album, very few photos of him showed that he participated.

Last but not least, thank you for everything LD is doing for the children.

8. Lots of time for free play

9. I like the distribution of the time...

10. Our son loves the excursions and trip to the farm.

11. This year's program was very attractive. The new activities and field trips were a good idea, children seemed to like everything that was planned for them. Many of us work long hours so it is nice to know that the children have the opportunity to participate in this activities during their time in the center. Music , sports and art make the morning program very nice.

It would be nice to see more projects where the little ones participate , and not only the ones from preschool.

12. We have the impression that more priority is given to the older children when it comes to activities and excursions. The younger ones should have as many interesting activities and excursions as the older ones.

It should be up to the child and not to the group they belong.

E.g. Bauernhof trip: The younger ones that want to go should be allowed to join, the same way that the older ones that do not want to go are not joining.

We love it when you go play in the snow in winter and we would love if you were going to the Isar in summer.

In general we are really happy, Thank You!

13. Das Angebot das ihr den Kleinen anbietet von Experimenten, Museen, über Waldausflüge bis hin zu dem Bauernhoftrip ist der Hammer. Für die Kleinen ist es Abenteuer, Spaß und Entdecken auf ganzer Linie. Wir sind froh über das was ihr euch da immer einfallen lasst 😊

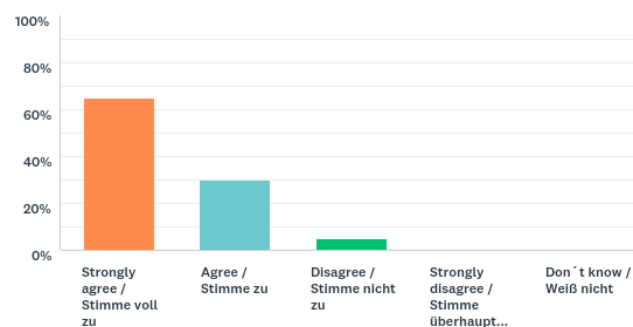

14. I agree in LD concept although I think being outside more would be more fun for kids.

15. Wir sind sehr zufrieden mit dem pädagogischen Konzept und den Angeboten, die Little Daisies hat. Vor allem die Waldausflüge finden wir gut. Ebenfalls Musik und Kiss Sport.

Die Eingewöhnung finde ich jedesmal "gewöhnungsbedürftig" - dauert zu lange!

9)

Q9 I am/ We are happy with the organisational conditions provided by Little Daisies (Meals, Parent Board, Vacations, Opening Times, Celebrations, Team Engagement, Reliability, Innovations...).

10)

Please explain your answer to number 9

1. We are very happy with the current team at the Kindergarten - a very good mix, also in terms of gender. It is great that there are currently three male teachers. This is really exceptional compared to other institutions. It is not so common in other Centers that the children have the chance to play football with their teachers ;-)

Although two experienced teachers had left this year, their departures were quickly compensated and you always found very good replacements.

We also feel that there are always enough teachers available - even if someone was sick.

We would also like to thank the team for offering the farm trip. We know that this must be super-exhausting. But it was certainly a great experience for the kids.

Closure days are still an issue. We believe that many parents would be ready to pay more to have less closure days. In addition, we would appreciate if you could announce closure days (or other exceptional early pick-off times) as early as possible so that we can adapt vacation days and our planning of professional commitments and appointments accordingly.

2. Everything fine. Thank you to the staff for a great job

3. Alles perfekt

4. Although certainly not intentional, in last year's email detailing why extra days off are needed Daisies came across as somewhat lacking in compassion when it comes to families where both parents work full time in an office environment (meaning they work with others that require them to be there). Not all employers offer flex time and/or the possibility of working from home. And not all of us have family in town that can help.

In practice, we find that the days off in addition to the standard vacation days (not to mention sick days) are very tricky and a cause of anxiety for us.

In addition, it would be nice if new staff members were formally introduced (not just on the sheet but at an Elternabend or by another staff member at pick-up or drop-off times). They can tell us a bit about themselves and learn who we are. It's disorienting to come into the kindergarten and see someone you haven't been introduced to playing with your child.

This from last year's email (in reference to closing day comment):

"We understand that sentiment expressed in the Elternbeirat email about the extra closing days: Nevertheless, we understand the staff's request for more frequent breaks throughout the year so they can have adequate time to rest and recuperate. The Elternbeirat learned that many teachers find it difficult to relax and disconnect from work when they take

vacation while the center is open because they know their co-teachers must cope with the same number of kids and fewer teachers during their absence. The idea is that by closing for a few extra days, staff could benefit from some long weekends throughout the year, just like many of us do.

We would like to highlight that these additional closure days would not be extra vacation days for staff. Instead, they are days on which everyone must take vacation."

5. Nothing to say, but we are happy with LD.

6. It should be communicated earlier when parents need to pick up their kids before the usual time since it is very tricky to organize when both parents are working in a normal office job

7. Maybe should have a nutrition to help with the kids that have problem to adapt with the local food.

8. We are happy with all of this.

9. Good. Parent representation by the parent board could be improved. The messages are not always conveyed in their totality nor with neutrality.

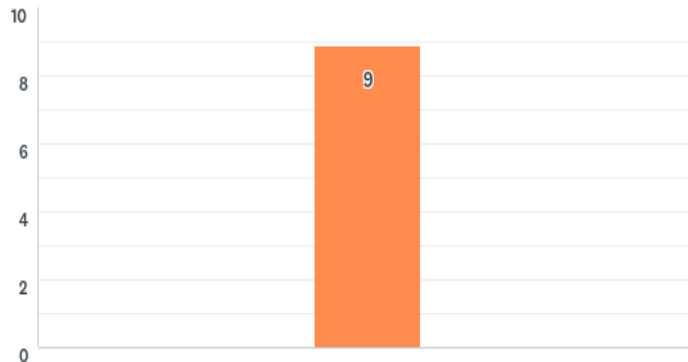

10. Wir sind super glücklich mit allem. Einzige Anmerkung: bei den Sommerfesten wären Auftritte (Musik und / oder einstudierter Tanz) wie bei der Weihnachtsfeier auch schön, aber das ist natürlich mit viel Arbeit verbunden. Vielleicht klappt es ja dennoch irgendwann. :-)

11. It's great that LD has a calendar for the year, that way parents are able to plan accordingly.

12. Alles gut:)

11)

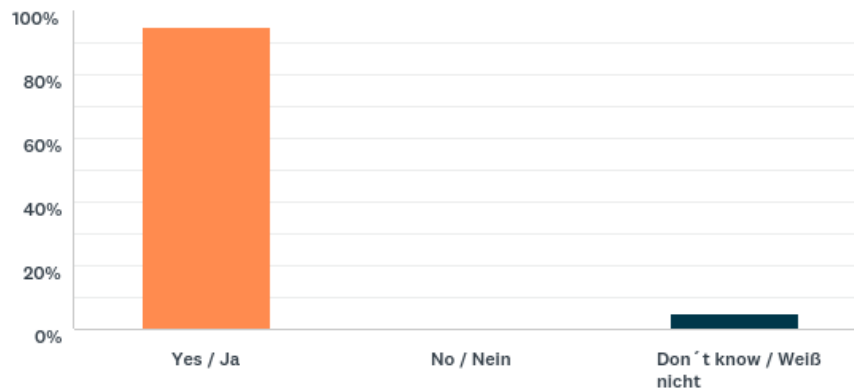

Q11 Would you recommend the Kindergarten to other parents?

Please rate on a scale from 0 = "Not likely to Recommend" to 10
= "Extremely likely to Recommend / Bitte Skala von 0
= "Weiterempfehlung sehr unwahrscheinlich" bis 10
= "Weiterempfehlung sehr wahrscheinlich" markieren

12)

Q12 A question to the children: Do you like to go to the kindergarten?

13)

A question to the children: What do you enjoy most about Little Daisies? What would you change, if you could?

1. "I like turnen most, particularly Balti. Kuschelecke should be down where the puppenwohnung is. There is a wall so maybe it is less noisy down there and we can relax better."

2. What I like most: Playing football in the park. What I would like to change: Having more often the chance to tell something at circle time without others interrupting me.

3. I like most „Art with Mayra, Sport with Balti and going to the playground. The Farmtrip was great especially horseriding. I would like to go barefoot in the center.

4. Alles macht ihm Spass. Ausflüge wie Wald, Bauernhof, Museum, Bali-Sport

5. Ausflüge

6. She mentioned being bored sometimes and wishing for new activities. She loves being with her friends.

7. Playing with the kids and Ausflüge (my child literally said.)

8. I like my friends. Should be right next to my house

9. Play guitar with Jacob. She would change the wall that is white and she prefer with color...

10. the Bauecke and experiments

11. I like to play in the "puppet house" with my friends , I also like to be with Patrick because he is always happy and he helps me when I need it.

12. Everything. I enjoy the most to do experiments, read books, turnen and go to the park. I would change nothing.

13. (I enjoy the most) Kapla and Hotwheels! (I would like to) go to the parks more! And twice a week of sports lessons!

14. Turnzimmer und going to the playground

15. Being outside more, day trips would be nice.

16. In der Kuschelecke zu spielen.(super gut). Ich mag nicht so gerne in der Bauecke spielen.

Vielen Dank

Thanks a lot
